

URGENT: DIETARY SUPPLEMENT RECALL

**Office of Quality Assurance
New England Greens, dba Vibrant Health
99 Railroad Street
Canaan, CT 06018**

Dear Valued Retailer,

This is to inform you of a product recall involving these Vibrant Health brand products that you may have purchased this year:

Code	UPC	Description	Lot Numbers
GV15	0 74306 80057 2	Green Vibrance 15-Day, 6.35 oz	1401084, 1401085
GV30	0 74306 80001 5	Green Vibrance 30-Day, 12 oz	1401083, 1401086, 1401092, 1401093, 1401094
GV60	0 74306 80004 6	Green Vibrance 60-Day, 25.4 oz	1401081, 1401082, 1401085 through 1401092

GVKG	0 74306 80086 2	Green Vibrance Kilo Canister, 1000 gm	1401079, 1401080, 1401081
GVSD	0 74306 80021 3	Green Vibrance Single Serving Packets	1401076
RV	0 74306 80042 8	Rainbow Vibrance, Hi ORAC superfood	1311139
RVsmp	No UPC	Rainbow Vibrance sample packet	1311139

Only certain lots from one production run of Green Vibrance and one production run of Rainbow Vibrance are subjects of the recall. The lot number is printed immediately before the expiration date and is located on the outside of the packaging. You may find this number either on the bottom of the bottle or box, the edge of the label on the bottom, or the edge of the label on the side. If you have trouble locating a lot number, please contact Vibrant Health Customer Service at (800)242-1835.

We have initiated this voluntary recall out of an abundance of caution, because our former raw material supplier, Raw Deal of Allamuchy, NJ, informed us that the Organic Parsley Leaf Powder used to manufacture the supplements listed above, may be contaminated with the bacterium *Salmonella spp.* Poly B. We have located the specific lots of our finished products that contain the allegedly tainted material, and have responded immediately to conduct a product recall specific to the lots in question. We are taking this action for the safety and comfort of our consumers because ingestion of *Salmonella spp.* Poly B may cause mild to severe symptoms of food poisoning, among other conditions.

WHAT SHOULD YOU DO?

Immediately examine your inventory and quarantine product subject to recall. Further instructions for disposal are to be found on the attached response form. In addition, if you have further distributed this product please identify your customers and notify them at once of this product recall. Your notification may be enhanced by including a copy of this recall notification letter.

This recall should be carried out to the retail level. Your assistance is appreciated and necessary to prevent consumer illness.
